“Advance My Word”

About the workshop

This workshop will revisit the very popular **What's my word?** program, and provide a range of additional activities and tools to advance your skills base. You may remember that the **What's my word?** program introduces the concept that everyone has one key word which defines their life purpose. Each word has a positive and negative side highlighting the individual and the *unique gift* you have to bring to the world. The learnings in the **My Word!** workshop will revisit core knowledge the first program, and provide additional guidance maximising the practical use of the framework, and the application of your (and words in everyday life.
